Benefits of using Ultra Flake®

- MODERN COLOURS** A wide range of modern and contemporary colours to help you achieve the desired aesthetic for your space.
- EASY TO CLEAN** Non-porous, and without grout lines to trap dirt or moisture.
- LONG LASTING** Designed to withstand heavy foot traffic and other wear and tear over time.
- UV RESISTANT** No fading or discolouring on exposure to sunlight.
- SLIP RESISTANT** Options to add slip resistance for safe and secure floors to walk on, even when wet.
- STAIN RESISTANT** Designed to hold its good looks forever.
- SEAMLESS** A uniform look from driveway to patio to pool, and from patio to indoor areas.

Ultra Flake® 5 Coat System

AUSTRALIAN OWNED. AUSTRALIAN MANUFACTURED.

Ultra Flake®

Ultra Flake® is a decorative, hard wearing, mould resistant and hygienic coating system that is perfect for any home or commercial area. This application is available in 4 varieties of finishes to suit both interior and exterior settings. From a semi-textured and slip resistant patio to a high gloss and smooth interior of home or office, we offer finishes to suit every client. Due to its range of colour options, Ultra Flake® systems have become a desirable and competitive modern flooring alternative to carpet and tiles.

Hyper Flake®

Hyper Flake® is a decorative flooring system that captures the beauty and warmth of a natural stone finish. An alternative to the traditional polished floor, offering a consistent polished concrete look and a finish that has been formulated with durability at the forefront of requirements. Hyper Flake® Systems completed in our Crystal Finish have a satin, semi-textured and seamless finish offering a modern, tough, hygienic and grout-free floor. Our Diamond Finish will take your floor to another level of sophistication with additional depth and gloss. Hyper Flake® Signature Series is an easy to maintain long term solution that brings elegance into your space. Don't settle for anything less than stunning!

Quartz Shield®

Quartz Shield® is an exciting and versatile coating system by All Purpose Coatings. It provides a diverse range of benefits and a vast number of desirable characteristics, which are reflected in the number of places Quartz Shield® can be utilised.

Quartz Shield® systems present customers with the option of varying levels of grit and consequentially different levels of slip resistance. What makes this system unique is the use of Quartz as the slip-resistant additive as opposed to traditional slip-resistant coatings which use Silica Sand. Quartz Shield® has an incredible level of durability and its sheer hardness ensures the longevity of the coating, from both a practical and visual standpoint. Quartz Shield® uses All Purpose Coating's EPO100T® Epoxy as the foundation of the Quartz Shield® System, which is Australian manufactured and harbours 20 years of proven experience and excellence.
