

EPO100CC Matrix System

Commercial Kitchen & Food Preparation

HYGIENIC | HARD WEARING | GROUT FREE

Redefining the coatings industry

The All Purpose Coatings Epoxy Matrix System is designed as a high build, resin rich, epoxy coating system for commercial spaces.

Utilising APC resins, the Epoxy Matrix System is hygienic, hard wearing, slip and chemical resistant. When installed to specification, the system meets and exceeds all required Australian Standards.

Epoxy Matrix Systems are used within commercial and industrial spaces including commercial kitchens, wet areas, abattoirs, food preparation and manufacturing areas as a long term floor and wall coating solution.

RECOMMENDED USES:

- Cold rooms and freezers
- Prep areas
- Food manufacturing plants
- Abattoirs
- Ramps and access points
- Commercial areas where water, liquid, fats and oils are used.

Benefits of using EPO100CC Matrix System

FOOD SAFE

Safe for food preparation areas and is resistant to fats, sugars, and other citric acids.

SEAMLESS

A uniform look from the entryway to the eating area to the kitchen, as there are no grout lines to interrupt the flow.

HYGIENIC

Easy to clean and maintain, as it is grout free and non-porous. This makes it a hygienic option for residential and commercial environments.

SLIP RESISTANT

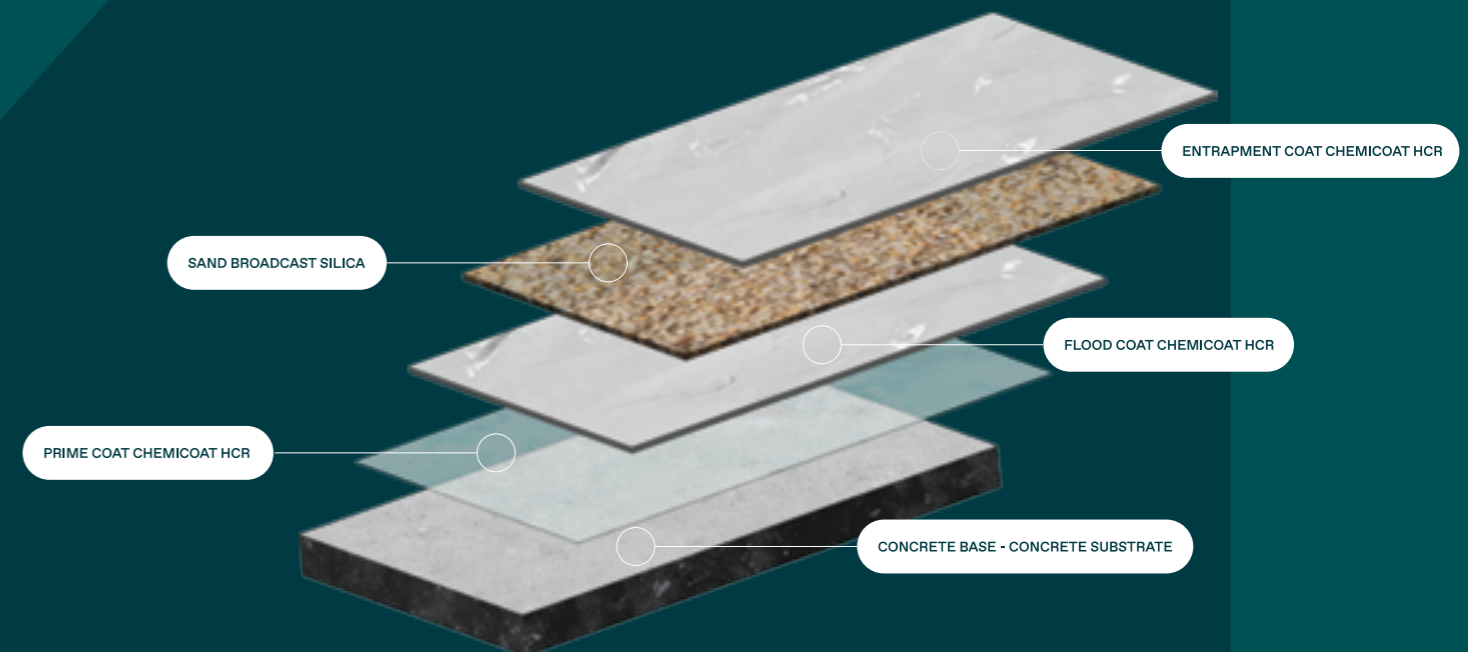

The Matrix System is designed to achieve P3-P5 slip rating, depending on your project requirements.

MEETS & EXCEEDS

Meets & Exceeds Australian Building Code. APC coatings systems are compliant for commercial kitchens.
