

CUT & COAT

Polished Concrete *Simplified*

HARD WEARING | HYGIENIC | NON-POROUS | GROUT FREE

Redefining the coatings industry

Cut & Coat Systems are designed for coatings where an industrial finish, similar to polished concrete, is the desired outcome.

Cut & Coat systems are a topical coating system, which is hard wearing, easy to clean and non-porous, providing a modern flooring option for homes and commercial spaces.

Different products can be used to achieve a range of finishes, including high-gloss, semi-gloss, and matte.
